### REASONS FOR ALLOWANCE

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on September 4, 2009 has been entered.
2. The following is an examiner's statement of reasons for allowance: The amendments to the claims, filed September 4, 2009, amends claim 1 to now recite that the estimating unit determines a secular change amount of the endoscope by adding a first secular change amount based on only the use time and a second secular change amount based on only the number of use times. The closest prior art of record, Enomoto et al. (U.S. Pat. 5,830,121), disclose separately calculating a secular change based on use time and a secular change based on the number of times used, even though they can be calculated at the same time. Enomoto et al. does not disclose that the estimating unit adds these parameters together to determine a secular change in the endoscope. The Examiner takes the position that it would not obviously occur to the skilled artisan that adding these different parameters together would provide a meaningful result since both parameters (i.e., use time and number of times used) in Enomoto et al. have their own individual thresholds to which they are compared. Since claims 10-13 have been similarly amended, and no other references on record explicitly teach or fairly suggest, alone or in combination, the limitations as described above, independent claims 1 and 10-13 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John P. Leubecker whose telephone number is (571) 272-4769. The examiner can normally be reached on Monday through Friday, 6:00 AM to 2:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Linda C.M. Dvorak can be reached on (571) 272-4764. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
